

EDUCATION

Department of Geology, University of Kerala

Master of Geology, 90 %

Thiruvananthapuram, Kerala

September 2018- May 2020

Govt Collage, Kasaragod, Kannur University

Bachelor of Geology, 81%

Kasaragod, Kerala

June 2015- May 2018

SKILLS

- Geographical Information System (GIS)- QGIS, ArcGIS, ERDAS, JOSM
 - Problem solving
 - Hydrological Modelling- HEC-RAS
 - Geological field work
 - Innovative
 - Microsoft Excel, PowerPoint, Word
 - Scientific Report Writing
-

WORK EXPERIENCE

Senior Project Associate

September 2023- Present

Center for Ganga River Basin Management & Studies(cGanga)-IIT Kanpur

- Hydraulic and Hydrologic flow modelling using HEC-RAS
- Flow analysis of various rivers and drains, Surface water Hydrology
- Land-use map preparation, Processing of CORONA Satellite Imagery
- Part of Organizing team of India Water Impact summit (IWIS) and Climate Investment and Technology Impact Summit (CITIS)

Project Scientist-Geology

November 2022- March 2023

Kerala State Remote sensing and Environment Center (KSREC)

- Designing of various digital maps using geospatial data and analyze spatial and non-spatial information.
- Satellite Data Interpretation.
- Geospatial Data management.
- Creating "shapefiles" to merge topographical data with external data by layering external data.
- Produce reports on geographic data utilizing data visualizations
- Organizing trainings and seminars related to geospatial technology

GIS-Geoscientist

March 2022- October 2022

IndiGEO consultants Private Limited.

- Geological Map vectorization and compilation
- Raster mosaicking, Georeferencing, AI Data Preparation.
- Drill Lithology Logs – from handwritten scrawls to formatted ledgers.
- Exploration (Tenement, Geology, Drill, Geochemical) Database Management

GIS Analyst

January 2021- November 2021

Deduce Technologies Private Limited

- Creation and updation of customized Open Street Maps (OSM) using software's like JOSM and QGIS.
-

PROJECTS

- Dissertation entitled "**Petrography, X-Ray Diffraction, and Hyperspectral Analysis of Iron Ores in and around Kozhikode, Southern India**" in partial fulfilment of the MSc degree in Geology
 - Dissertation entitled "**Solid waste dumping site suitability analysis using GIS for Kasaragod municipality and surrounding panchayat**" in partial fulfilment of the BSc degree in Geology.
-

DECLARATION

I, **RAJITH K**, declare that the information furnished above is true to the best of my knowledge and belief.
