

RAJITH K

Project Scientist: • Geology • GIS • River Systems

Linkedin: <https://www.linkedin.com/in/rajith-k-7b3a64178>

Email: rajithk2089@gmail.com

Git : <https://github.com/rajithkgeo>

EDUCATION

Indira Gandhi National Open University (IGNOU)

Post Graduate Diploma in Geoinformatics

Department of Geology, University of Kerala

Master of Geology, 90 %

Govt Collage, Kasaragod, Kannur University

Bachelor of Geology, 81%

Mambaram HSS, SCERT

+2 Biology Science, 95%

Kuthuparamba High School

SSLC, 95 %

June 2025- June 2026

Thiruvananthapuram, Kerala

September 2018- May 2020

Kasaragod, Kerala

June 2015- May 2018

Kannur, Kerala

2013-2015

Kannur, Kerala

2013

SKILLS

- Geographical Information System (GIS)- QGIS, ArcGIS, ERDAS, JOSM
- Problem solving
- Hydrological Modelling- HEC-RAS
- Geological field work
- Python
- Microsoft Excel, PowerPoint, Word
- Scientific Report Writing

WORK EXPERIENCE

Centre for Ganga River Basin Management & Studies(cGanga)-IIT Kanpur

Project Scientist

April 2026 - Present

- Direct a cross-functional technical team of 5, overseeing hydrologic modelling, remote sensing workflows, and river ecosystem management initiatives.
- Design and implement automated remote sensing pipelines for high-resolution imagery to streamline land use classification.
- Lead the development of comprehensive river rejuvenation strategies and author overarching technical reports for large-scale basin management.
- Drive institutional collaboration for technical summits, aligning geospatial research and hydraulic data with broader technology impact goals.

Senior Project Associate

April 2025- March 2026

- Automated geospatial data workflows using Python, reducing processing time for land-use classification, vector raster operations.
- Created advanced hydraulic models and to evaluate the impact of river training interventions to support river rejuvenation frameworks.
- Contributed technical expertise and geospatial modelling to the formulation and structuring of District Ganga Plans.
- Management, coordination and digital integration for major institutional events, including IWIS and CITIS.

Project Associate

September 2023- March 2025

- Hydraulic and Hydrologic flow modelling using HEC-RAS
- Flow analysis of various rivers and drains, Surface water Hydrology
- Land-use map preparation, Processing of CORONA Satellite Imagery
- Part of Organizing team of India Water Impact summit (IWIS) and Climate Investment and Technology Impact Summit (CITIS)

Kerala State Remote sensing and Environment Center (KSREC)

Project Scientist-Geology

November 2022- March 2023

- Designing of various digital maps using geospatial data and analyze spatial and non-spatial information.
- Satellite Data Interpretation.
- Geospatial Data management.
- Creating "shapefiles" to merge topographical data with external data by layering external data.
- Produce reports on geographic data utilizing data visualizations
- Organizing trainings and seminars related to geospatial technology

IndiGEO consultants Private Limited.

GIS-Geoscientist

March 2022- October 2022

- Geological Map vectorization and compilation
- Raster mosaicking, Georeferencing, AI Data Preparation.
- Drill Lithology Logs – from handwritten scrawls to formatted ledgers.
- Exploration (Tenement, Geology, Drill, Geochemical) Database Management

Deduce Technologies Private Limited

GIS Analyst

January 2021- November 2021

- Creation and updation of customized Open Street Maps (OSM) using software's like JOSM and QGIS.

PROJECTS

- Dissertation entitled “**Petrography, X-Ray Diffraction, and Hyperspectral Analysis of Iron Ores in and around Kozhikode, Southern India**” in partial fulfilment of the MSc degree in Geology
- Dissertation entitled "**Solid waste dumping site suitability analysis using GIS for Kasaragod municipality and surrounding panchayat**” in partial fulfilment of the BSc degree in Geology.

WORKSHOPS, COURSES AND SEMINARS

- 8th, 9th & 10th India Water Impact Summit (IWIS) and 1st, 2nd & 3rd Climate Investment and Technology Impact Summit (CITIS), conducted by eGanga and NMCG, MoJS (2023, 2024 & 2025).
- “Field Techniques in Geological mapping” organized by department of geology, University of Kerala, 2018, 2019 & 2020.
- Science Day Talk and Interaction with Eminent Scholar programme at Department of Geology, University of Kerala, 28 February 2019.
- Annual Interdisciplinary Academic Meet-2019 at Department of Environmental Science, University of Kerala, 8 March 2019.
- National seminar on Advances in Earth and Environmental Changes, 2019, school of Earth Systems Sciences, University of Kerala, 20 September 2019
- “PETROS’ Petrological workshop” Department of Geology University of Kerala, 2019.

CERTIFICATIONS

- **Hydraulic Modelling with HEC-RAS** course of study offered by UNESCO in cooperation with US Army Corps of Engineers, August 2026
- **Cloud Computing Basics (Cloud 101)**, Coursera, December 2022
- **Massive Open Online Course on “Geospatial Applications for Disaster Risk Management (Track 1&Track 2)”** conducted by CSSTEAP & UN-SPIDER, October 2020.
- **Industrial Training on spatial data analysis Using ArcGIS at IUCGIST**, University of Kerala, 24-30 April 2019.

DECLARATION

I, **RAJITH K**, declare that the information furnished above is true to the best of my knowledge and belief.

RAJITH K
